

Upper School News...

By: Mr. Sam Waugh, Head of Upper School

The fall athletic season features two undefeated teams at this point in the term. The girls' cross country has emerged victorious in all their meets, most recently at the very competitive Rice University Invitational where they turned back Kinkaid and John Cooper among others in their run to the 1st place trophy. Catherine Baumgartner, Laura Pacifico, Charlotte Peeters, Sophie Peeters, Lydia Harmon, Christina Pacifico, and Hiromi Oka compete as the varsity.

The boys' varsity soccer team is our other undefeated squad, and Mr. Houville's group has featured the explosive scoring of Rory Davidson and the stout defense of Phil Quellar in goal and Simon Lazare as sweeper. Most notably the boys traveled to San Antonio and returned victorious (2-1) over long time rival and state power San Antonio Christian.

The Homecoming Dance looms as the next big event for Upper School, October 13, at The Museum of Natural Science. We return to this spectacular venue after a four-year absence, and the students have chosen "Diamonds Are Forever" as this year's theme. School President Dagney Pruner and her staff are hard at work on this project.
