

Agatha Hollanders

Awty Parent – Middle and Upper Schools

Biography

My name is Agatha Hollanders, I have two children at Awty: a daughter in 11th grade and a son in 8th grade. We are, as the name indicates, Dutch.

For my children, having a school lunch will be a big change. They used to take a home-made lunch. I know they can eat healthy at school, but there are also unhealthy products. As a parent I find it harder from now on to monitor what they are eating, so that is why I joined the Food Committee. As committee members we are encouraged to come, watch and eat with Sage so we can check on the quality.

I hope the change within the food service will be for the best of all the students.
