

Celia Balli

Awty Parent, Pre-School

Biography

My son Cristobal is in the PK4 International Spanish class. This is our second year at Awty. I am an employment attorney and am originally from Brownsville, Texas (on the border with Mexico) but have lived in New York, Austin, Mexico City and London.

I joined the food service committee for several reasons. First of all, I wanted to make sure the Pre-School was represented on the committee. As a mother who works outside the home, I am thrilled that the Pre-School students will be provided with hot, varied and nutritious lunches. My son also has a food allergy so I am concerned with how food allergies will be handled by Sage Dining. Finally, I am a “foodie” that enjoys cooking and all things related to food and nutrition.
