

School Directory

Look up Directory Information

A searchable online directory available through **My Backpack** has now replaced the costly and quickly outdated paper copy that was provided in the past.

This directory is a living, all-inclusive listing of students, parents and classes. New students, new addresses, new telephone numbers and new e-mail addresses are automatically and instantaneously "published" online.

Search by Last Name, First Name, Grade, Parent Name, and Zip Code or in any combination.

Powered by Senior Systems, Inc.

The school also has both an online staff/faculty email directory and an online parent directory that can be printed from the Awty website. These static online directories are updated periodically. Both directories can be found under the Parents Menu as well as the Contacts Menu on the Awty website www.awty.org. These static (unchanged until the Business Office updates on a school-wide basis) directories are password protected and require the same username and password as in years past (available through your child's Division Assistant).

The directory is for the exclusive benefit of the students, parents, and personnel of Awty. The directory and/or the database shall not be given or sold to any external source, and those affiliated with the school are expected to respect this policy. None of the school directories should be used for commercial use. **Do not publish.**

If you have any questions about our school directory, please contact your child's Division Assistant.
